I apologize. I thought maybe it was a newer version. I emailed it to Chief Royall this morning. I'll have our ERC check w/him. Sorry. I should have pulled up the report and looked.

Will do.

Thanks.

Ashley

Aspect data received at approximately 1030 today indicate no measured contaminants in air over Arkema facility. The aircraft measures for 78 chemical compounds including peroxides and sulfur dioxides. EPA's federal On-scene Coordinator is now at the command post in Crosby to ensure all federal resources are available to first responders. EPA is also sending additional air monitoring personnel and equipment to augment the current effort of the state and local first responders. EPA monitoring teams from Houston area will be on-scene in the next few hours. Another Aspect flight is about to be deployed.
